LESSONS TO INSPIRE & EMPOWER

Brendon is a person with a portfolio of experience, success, adventure and stories that'll have your head spinning and jaw dropping ... and have you wondering how on earth he's still here.

A former Nurse Educator and head of a Hospital Resuscitation Team, he's worked in some of the most challenging situations imaginable.

He's built business teams from the ground up, including one of Queensland's biggest Ad Agencies.

He's overcome the odds for business success, including:

- marketing public companies, national brands and millionaire business people
- being Australia's largest exporter of Ugg Boots
- selling a staggering \$250,000 worth of a \$50 cream online in just one hour
- having an ABC radio segment talking all things marketing
- writing an e-newsletter with 250,000 subscribers

Charity Rides, Adventures & More

In his spare time, Brendon has:

- **cycled 4,500 kms across Australia** in just 30 days with his 15 year son for charity
- motorcycled the **world's most treacherous road** through the Himalayas
- leaped into a freezing river in Outer Mongolia to save a mate
- crashed in a **crocodile infested creek** in remote Northern Territory

He has hunted with the **famed eagle hunters of Mongolia**, abseiled out of the **CareFlight Rescue chopper**, completed **Ironman triathlons**, and smashed his motorbike into a kangaroo at 100 km/h on an outback highway – and lived to tell the tale. Obviously!

So... are you ready to hear about it?

As a popular speaker – giving talks on business, leadership and achieving positive outcomes in challenging situations – Brendon weaves humour, passion and real life experiences into an engaging, informative and inspiring talks to professional groups, university classes and conferences.

Solve complex problems simply

Learn how he **managed life and death situations** as head of his hospital's Resuscitation Team.

Learn how he **use a broom cupboard** to help increase a hospital's profitability by \$1 million plus?

Learn how he **helped empower success of junior team members** in complex, fast-moving environments?

Speaking topics include:

Building Resilience & Overcoming Challenges
